First up with have Seahaven against Real Hampden Park in the Final of the In The Dugout Invitational Cup.

We then have Bison Beer Vets against Furngate Vets in the Vets/Masters Invitational Cup Final, before concluding the day with the Junior Invitational Cup Final as

Valley Rovers Old Boys face Slindon.

All three finals should be very closely contested with not much to choose between each side and we wish all of them the very best of luck.

## REAL HAMPDEN PARK

Formed: 2023

Bio: Real Hampden Park was founded on 2 December 2023 by Harrison Taylor and Oliver Stidder through the desire of wanting to play football again after being away from the game for a couple seasons.

The club started its inaugural season in the Sussex Sunday League in the 2024/25 Season and went on to finish 7th in Division 2 with 33 points and an incredible cup run seeing an impressive 5 wins from 6 games, conceding 5 goals and scoring 15 to win the 24/25 SSFL Invitational Shield.

The 2025/26 season saw a rough start with 6 losses in the first 6 as we struggled to find form, we then finally found form and since Christmas have picked up, banging in goals left right and centre to send us to another cup final this year.

The club is now reaching new heights as a growing club and will continue to grow as the years go on.

Shoutout to our consistent fanbase throughout the seasons too

# MEET THE PLAYERS

## Ty Bewick

Came in as an outfield player at the start of the season, now cemented himself as our number one. It was written in the stars as a DJ, so you know he's comfortable with his hands.

## Ciaran Hearne

Mr Reliable, shows up every week and plays without a fuss. Sure he'll be hoping to add to his tally of one goal in two years today.

## Louis Martin

Death, Taxes and Louis Martin scoring from centre-back (at ringmer), he's like if Gabriel was likeable.

## Linton Lusted

El Capitan. Dream to be with, nightmare to be against, as quoted by his ex-girlfriend.

## Josh Finnigan

Isn't that Harry? Loves a beer, so expect him to be waiting outside the bar hours before kick-off.

## Peter Wilder

There's something about ginger midfielders. Scholes, De Bruyne, Wilder should be an argument for the foreseeable.

## Drew Parks

Evens on Drew to make over 0.5 fouls, just be prepared for the

handbags and potential yellow after.

## Logan Copley

A move to Turkey could be on the cards, for more than footballing reasons. Hasn't hit the heights of last season, but will be looking to make it back-to-back hatricks in cup-finals.

## Adam Masawi

Produces on and off the pitch, when he's not making beats, he's putting defenders in a loop.

## Matty Myall

We love his left foot more than we love him. Came in midway through the season and haven't looked back since. Loved by AFC Goring fans worldwide.

## Travis Parks

13 goals in 19 games, if you let him do the maths - he'll say that's a goal a game. Hopefully no stamps this year and he can play a full cup final.

## Ollie Stidder

An absolute engine in the midfield. The engine in this case is a Fiat, guaranteed to run out of fuel by the end of the journey. Expect him to break down within 10 minutes.

## Kieran Smith

Has a long one, his throw-ins aren't too bad either, he'll find

a way to complain about the programme too.

## Harry Finnigan

Isn't that Josh? Couldn't score a goal to save his life, but his hair flicks are enough to keep the sideline happy.

## Leo Lansdowne

Malaga's finest, (we couldn't afford Santi Cazorla, so this was the next best thing)

## Leon Beale

Could throw a pipe bomb at him and he'd still head it back. Second youngest in the squad but has aged horribly in the last 3 years.

## Alexander Taylor

Our very own academy graduate, came through the ranks this year and plays well beyond his years at just 17, bright future ahead.

## Hugo Sparkes

Looks like a Benidorm resident, but don't let the hips fool you or you'll be on the floor like a Benidorm night out as manor found out last season.

## Harrison Taylor

The Gaffer, the man that started it all. Still plays himself most games but still has the tekk since putting on 30kg since his prime

## THANK YOU TO OUR SPONSORS

# MEET THE PLAYERS

## Steve Thompson

Hands down one of the best GK's in Sunday league... and his timekeeping is impeccable (not) — turns up just in time for the kick off and still asks who we're playing

## Lewis Hide

Colossal defender — throws his body on the line for absolutely everything for the team... and if there was an England cap for farting, he'd already have 100 appearances and the captain's armband

## Callum Tattersell

Captain in the making, class passing ability, a presence on the ball and a heart of a lion. Shame he can't hit a free kick over a wall

## Harry Bundy

Great on the ball, strong as an ox, wouldn't want a shoulder barge off him, another leader in the making with a chin like desperate Dan

## Dane Amiet

Our captain, our leader, quick in the tackle, out jumps most strikers twice the size of him, crazy to think because he's the size of a knome

## Lloyd Mainwaring

Great addition to the team this season — calm on the ball, proper leader with his voice, and even popped up with a couple of big goals... but the real question is, is he actually the best player in his family, or just the loudest?

## Rob Busby

Tenacious tackler — how he still gets up and down the pitch at his age is genuinely inspirational for the younger lads... but that beard? Looks like it's seen more battles than he has

## Sam Hodgkins

Great feet, calm on the ball, keeps it simple, always picks the right pass... and looks like he's just rolled in from an audition for the hairy bikers

## Leon Bundy

Born winner, loves a crunching tackle, and has chipped in with a few big goals this season... but his red and yellow cards far outweigh his goal tally — refs see him coming out of the changing room and start reaching for their pocket

## Jack Dickens

Can play multiple positions, proper versatile, tidy on the ball and can score from anywhere — tap-ins or top-bin screamers... and somehow looks like he's one haircut away from joining Westlife on their next tour

## Ben Fitzgerald

What can I say — most appearances at the club and the top goal scorer to match... Bambi on ice at times, but once he gets going he leaves defenders for dead... just don't let him anywhere near a penalty spot

## Mason Funnell

One of the quickest players I've seen — when his legs get going

it's like speedy gonzalez out there. Absolute nightmare for defenders, twisting them inside out... if only he could finish as quick as he runs

## Jake Foskett

Came back to the Valley mid-season, slotted in like he never left, scoring goals, saving penalties... and expertly providing commentary from the bench. Loves a good moan—practically his second position!

## Jon Bundy

The only guy who can manage the team, coach the tactics, and still sneak on the pitch when he's picked — never offside, knows what he's doing... seriously, someone pull the plug.

## Lewis Cash

Talented baller — unreal on the ball, glides past players like they're not even there and bangs in screamers for fun... just a shame his trim looks like Moe Szyslak from the Simpsons

## Paul Clarke

Been around the block, can play anywhere you stick him, strong as an ox with a football brain two steps ahead of everyone else... basically the bloke you hate playing against but love having on your team

## Kyle Knee

Newest lad in the squad — tidy player, looks a proper asset already... just keeping it respectful for now until he gives us something to absolutely rip him for

## SLINDON

Formed: 2025

Bio: Whilst our lads have mostly played together for 10+ years with a different badge, Slindon FC was formed as a standalone club in 2025.

Founded on the principles of inclusivity and teamwork, Slindon Football Club fosters a love for the game within a welcoming community.

Whilst we of course play to win, our real goal is enjoying the game and supporting each other every step of the way.

Our enthusiastic club consists of both men and women's team, all who enjoy playing together in the beautiful open spaces of our village.

We're more than just a team; we are a family! And we are incredibly proud of the community we have built, from coaches and players to families and supporters - everyone is welcome, and all play an important part in our success.

# MEET THE PLAYERS

## #1 – Lewis Ballard - Goalkeeper.

Lewis is our sharp-eyed number one keeper with lightning-fast reflexes and a voice that always booms from the back. When he's not guarding the goal, you'll find him passionately cheering on Chelsea FC - no surprise he's got that never-say-die attitude between the sticks!

## #3 – Charlie Green - Centre Back.

Charlie G is a solid rock in the centre of defence. He's got sliding tackles down to an art form and a voice loud enough to make sure nobody forgets he's there. Calm and composed under pressure – exactly what you want at the back.

## #4 – Charlie Sykes – Midfielder.

Charlie S is our hard-working defensive midfielder who never quits. With relentless tenacity, he's always winning the ball and breaking up play before the opposition knows what happened. Let's not forget about his habit of firing absolute screamers into the back of the net – strictly no tap-ins.

## #6 – Ollie Gough – Midfielder.

Ollie is our cheeky midfield maestro - strong in the heart of the pitch and not shy to unleash absolute beauties from outside the box, and... he does it all with that trademark grin, the kind that somehow gets him out of trouble more times than we can count.

## #7 – Jacob Burningham – Striker.

Jacob is lightning quick with feet so sharp you'd be forgiven for thinking the ball is glued to them! A brilliant playmaker who's always creating chances and never stops working hard for the team, nabbing a few goals along the way too.

## #8 – Daniel Zubkov – Left Back.

Daniel is our tenacious left back. He builds a defensive wall that is nearly impossible to get past and isn't afraid to get stuck in to win the ball back and dashing it up the wing for a pacey counter attack.

## #10 – Luca Andrade-Paris – Striker.

Luca is poised up top, ready to hit the back of the net when it matters. Corners are Luca's specialty, delivering perfect set-pieces to create chances for the team or skipping the middleman completely and slotting them straight into the net when it matters.

## #11 – Alfie Elsdén – Left Back.

Alfie's the defender you sometimes forget is there. He drifts around unnoticed, finding pockets of space and just when you least expect it, he puts on a display - sharp footwork, quick turns and a bit of flair that leaves players chasing their shadows.

## #14 – Josh Elliott – Centre Back.

Josh E presents calm and composed no matter the situation. He's never afraid to put himself right in the thick of the action when it counts and not shy of playing out on the wing when the team need him to. Came home from holiday days early, just to feature in the final - a team player through and through!

## #15 – Lucas Bailey – Right Back.

Lucas is our rock-solid right back, putting in outstanding performances game after game. He dominates the area. Snatching the ball from opponents is his second nature – dubbed "professional megger" by a Valley Rovers player no less. Reliable and Consistent on the pitch. A true Oak.

## #18 – Josh Gedling – Winger.

Josh G dominates the channel from the first whistle to the last, bringing non-stop energy and intent. Not afraid to defend for his teammates, he grafts hard and then turns straight into an attacking threat, always looking to get the ball in the box and cause problems.

## #19 – Ben Simmons – Centre Back.

Ben brings pace, power and pure determination to the heart of defence. He challenges for every ball and isn't afraid to get properly stuck in. Strong in the tackle and quick across the ground, he makes life uncomfortable for any

striker who fancies their chances.

## #20 – Jack Pollard – Centre Back / Striker.

Jack's our ultimate utility player - you never quite know where he'll pop up next. Defence, midfield, even in goal – it's all fair game to Jack! Add a half-time pep talk to back-up the gaffer, and you've got someone who's always encouraging and never giving up on the pitch.

## #21 – Enrique Andrade-Paris – Centre Back.

Enrique, strong and powerful at the back but just as comfortable creating plays in midfield. Loves a pinpoint cross into the box, and on occasion it's all net! With his big voice and endless encouragement, he keeps the whole team fired up from start to finish.

## #23 – Finnan Campbell – Midfielder.

Finnan, the team's gentleman off the pitch but a force when he's on it. When he's not running riot on the pitch, unleashing screamers, he fancies himself a bit of TikTok fame – "I'm a bit famous on TikTok you know" - Finnan, end of season party, May 2025.

## #26 – Jack Loisy – Midfielder / Winger.

Jack L is a pure engine down the wing - a powerhouse who can lock it down in defence and then charge up the pitch in the same breath. A true never-say-die player, Jack has only one thing in his sight; winning. Whatever the score, whatever the minute, he's still driving forward and pushing the team on.

## #42 – Morgan Mockford-Allott – Midfielder.

Morgan is the central midfielder every team needs. Nothing phases him - whether its tight pressure, big moments or a chaotic game, he stays calm and composed. Morgan lets his football do the talking. Consistent in every situation and solid as they come, he's a steady heartbeat in the middle of the park.
